WEDNESDAY EVENING, JULY 15, 1896.

LOCAL MATTERS.

WEATHER PROBABILITIES.—For this section conditions remain favorable for local showers and thunderstorms to-night and Thursday, with continued high temperature; southwesterly winds with prospects for cooler Thursday night.

MR. F. E. ANDERSON.—The Vienna Star, in speaking of the address delivered in that town on the Fourth of July by Mr. F. E. Anderson, of this city, says: "The last speaker was Mr. Frank E. Anderson, of Alexandria, the orator of the day, who is a candidate for Congress. As he came forward, he was greeted with hearty applause, which again burst forth several times during his remarks and at their end. It was noticeable that he omitted all references to politics in his speech, which was devoted to patriotism, and so expressed that every person present might stand side by side with him in all his utterances. His personal character is such that he has devoted friends not only among the members of his own party, but among populists and republicans, as well. Without disparaging any other candidate in any other party or in his own, we may add in closing that, should he be selected to represent our district, his constituents will have a man in Congress who will be guided in the transaction of public affairs by one rule only: the welfare of all, rather than the interests of the few."

CHILDREN OF THE CONFEDERACY.—A meeting was held at the residence of Mrs. D. H. Appich, on King street, last night, for the purpose of organizing the Children of the Confederacy. An organization was perfected by the election of the following officers: President, Miss Kate Usher; first vice president, Miss Georgia Hudson; second vice president, Miss Julia Alexander; third vice president, Miss Ada Jasper; fourth vice president, Henry Carlin; corresponding secretary, Miss Lizzie Appich; recording secretary, Harry Atkinson; treasurer, Mrs. D. H. Appich; historian, Miss Pearl Sullivan. The treasurer reported that \$22.60 had been realized from the recent lawn party held by the children, and that \$25 had been forwarded to the Richmond for the benefit of the Jefferson Davis monument fund. A letter was received from Mr. Ellyson, of Richmond, acknowledging the receipt of the money.

PLANTED A PEACE OAK.—The Christian Endeavor convention, which had been in session in Washington, adjourned yesterday, but thousands of the delegates have remained in the city for a day or so, and a large proportion of these embraced the opportunity to visit the tomb of Washington at Mt. Vernon. All transportation facilities were fully taxed yesterday, and crowds journeyed on boats and trains to and from Mount Vernon throughout the day. The feature of the day was the planting of a peace oak at 1 o'clock, with the attendant ceremonies. The exercises were very simple, but entirely appropriate to the time and place. Dr. Clark, President of the United Society of Christian Endeavor, made the introductory remarks and the ceremonies were participated in by members present.

SCANT ACCOMMODATIONS.—A large number of Alexandrians visited Washington last night for the purpose of witnessing the bicycle parade in that city. The early evening electric trains were closely packed, so much so that it was impossible in some cases to take on all the people who were at the different corners on King street, desiring to get aboard. There were but two cars on most of the trains, and about half of the passengers were compelled to stand. The train of two cars which left Washington at 10 o'clock was overcrowded, many ladies being compelled to stand and hang on to the straps. It was suggested over and over again that the company should have anticipated the demand for transportation and added more cars to the trains.

SERIOUSLY BURNED.—Sallie Lawson, a well-known colored woman of the First ward, who lives with Mrs. Sarah Beach, a dressmaker on South Lee street, was seriously burned this morning by the explosion of a gasoline stove. Sallie was engaged in filling the reservoir while the stove was burning, when an explosion followed. The burning fluid was scattered over the unfortunate woman and she ran into the street with her clothing on fire. Dr. Ashby, who happened to be passing at the time, pulled off his coat and wrapping it around the woman succeeded in smothering the flames. She was taken to the Infirmary where it was found that her body was fearfully burned and there is little chance of her recovery. She died this evening.

ALLEGED PICKPOCKETS.—L. Smith and several officers went to Mt. Vernon yesterday, at the request of Superintendent Dodge, for the purpose of arresting some alleged pickpockets. When they arrived in the grounds three suspects were pointed out and the officers took them in custody. One proved to be a preacher, another a millionaire's son and the third a milliner. The trio took it all in good part when the officers apologized for the mistake which had been made. There were pickpockets, however, at Mount Vernon during the day, but they went on to Washington on the steamer Charles McAlister and by some blunder they were allowed to escape.

A NUISANCE ABATED.—Complaint having been made that several parties are rendering certain neighborhoods unwholesome by engaging in the crab business, the Mayor this morning visited the places the traffic at once. The parties were told they could cook crabs on the wharves or somewhere on the outskirts of the city and deliver them to their customers, but none, whether alive or cooked, could be exposed for sale in the residence part of the city. The hot weather of the past few days had rendered the smell emanating from these shops not only repugnant but a menace to health.

DEMOCRATIC CLUB.—A meeting will be held at the Opera House on Friday night next, when a Bryan and Sewall democratic club will be organized. All democrats who expect to support the nominees of the Chicago convention are invited to be present and Messrs. E. E. Meredith, R. W. Moore, E. E. Anderson and others have been invited to address the meeting.

PERSONAL.—Mr. and Mrs. J. S. Lemmon, of Baltimore, have gone to Loudoun county to spend the summer with Col. Dunlop. Misses Ella Lawler and Cora Webster have gone to Virginia Beach to spend some time. Attorney General R. T. Scott was in the city to-day. Mr. T. F. McCarthy has gone to Colonial Beach for a few days. The ladies of Fairfax will give a German to-night. Among those who expect to be present are Miss Rebecca Daingerfield and Messrs. Clem Wood, Murray Davis, Powell Miningerode, Henry Daingerfield and Clarence Howard.

Col. Arthur Herbert has returned from a short visit to Atlantic City. Mr. J. F. Rixey, of Culpeper, candidate for Congress from this district, was in the city to-day. Mr. John Harlow has gone to Norfolk to spend a few days. With a view of restoring his health, Mr. George R. Smith, accompanied by his wife, is sojourning at Colonial Beach. Miss Hortense Farham, who has been visiting her brother, has returned to her home in Waverley. Mrs. Baker is seriously ill at her home on North Washington street, between Cameron and Queen.

A marriage license was issued in Washington to-day to Mr. Thomas Burroughs, Jr., and Miss Mary Richmond, of this city. **THE UNION MISSION.**—The board of directors of the Union Mission met last night in the Second Presbyterian Church and accepted the resignation of Mr. Redding, the superintendent of the mission, to take effect on August 1st. The board will meet again next Monday night to make arrangements for meeting the deficit of about \$100 incurred during the last two months in conducting the mission, and to decide whether to continue the mission without the assistance of the superintendent. At this meeting the acceptance of Mr. Redding's resignation may be reconsidered.

Quite a large and appreciative audience assembled at the Union Mission last night and listened to a very interesting sermon from Rev. Mr. Graybill. This evening Rev. C. S. Mason, of Los Angeles, Cal., will be present and speak. Miss May Carrigan, the little mission worker from Washington, will be present and sing. All are welcome.

REPUBLICAN CONFERENCE.—A meeting of representatives of the two factions of the republican party of this city was held at the ship yard last night. Mr. Jos. L. Crupper, chairman of the city republican committee, presided, but as a quorum of the committee was not present nothing definite was done. This meeting, as stated yesterday, was called to see if the differences between the "illy whites" and the colored element could not be reconciled. Wash. Jackson and John Harrison, representing the colored element, were the spokesmen for that element, and demanded that the price of a reunion should be an equal division of whites and blacks on the city committee. After a long conference Mr. Crupper stated that the demands of the colored men would be submitted to the full city committee and an answer would be made later.

GROUND TO PIECES.—About twenty minutes past four o'clock this afternoon a freight train on its way from Union street to the Southern Railway depot ran over and killed James Clift, who was asleep on the track in the Wilkes street tunnel. The unfortunate man when last seen was under the influence of liquor. He staggered through the west entrance and is supposed to have fallen and gone to sleep. The train was in charge of Conductor Clarke. Engineer Coleman saw the man on the track, and did all he could to stop the train, but his efforts were futile. Clift's body was almost ground to pieces. His remains were taken to his home nearby. The spot where Clift was killed this evening was the same where in 1882 he shot, with intent to kill, his wife.

POLICE COURT.—The following cases were disposed of this morning: A colored woman, charged with disorderly conduct, was dismissed. Two young men, charged with disorderly conduct, were dismissed. Lewis Lane, colored, charged with an assault on Randolph Murray, also colored, was fined \$5. Fannie Johnson, colored, charged with indecent conduct, was fined \$5. Sam Murray, colored, charged with assault on Fannie Johnson, also colored, was fined \$5. **Night Report.**—Last night was clear and warm. No prisoners nor lodgers were at the station house.

THE HOME TELEPHONE COMPANY to-day completed and opened its line to Annapolis and Fairfax, and by to-morrow expect to have its line opened to Haymarket. All the subscribers are satisfied with the service and the number is constantly increasing.

EXCURSION.—The excursion to River View by the Y. M. S. L. yesterday and last night was a success, as are all the excursions given by the Lyceum. About 1200 people attended, every one of whom enjoyed the excursion, and about \$125 was realized.

A Valuable Prescription. Editor Morrison of Worthington, Ind., writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Miss Annie Stehle, 3025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and \$1.00. Get a Bottle at Ernest L. Allen's Drug Store.

Chamberlain's Cough Remedy cures colds, croup and whooping cough. It is pleasant, safe and reliable. For sale by L. Stabler & Co.

ARNOLD'S BRONCO-CLEARY. Try this unrivaled remedy for Headaches, Neuralgia, Sleeplessness. 10 cents.

R. E. LEE CAMP.—There will be a call-meeting of R. E. Lee Camp, Confederate Veterans, held THURSDAY, July 16, at 8 o'clock p. m., to consider invitation to attend the reunion at Strasburg. By order of the Commander. Jy14 2t J. C. MILLBURN, Adjutant.

LOCAL BREVITIES.

The handsome new wheels just made for the Relief truck were put on that truck to-day.

A little child named Rosalie Shirley fell from the chute at River View yesterday and was quite badly bruised.

Another ticket office is to be established by the electric railway company at the corner of King and Payne streets. There will be dancing at the New Alexandria pavilion to-morrow night under the auspices of the Independent Pleasure Club.

The teachers and children of the Sunday schools of the Village Chapel and Del Ray went on an excursion to River View to-day.

The Alexandrians who last night went to Washington to witness the bicycle parade came home much disappointed in the affair.

Captain George Young has on exhibition at his tobacco store on King street a small sea horse which was caught near the mouth of the river.

The departure of the 11:30 boat for Washington was delayed about fifteen minutes to-day by a heavy team getting stalled on the float at the ferry slip.

A station has been erected on the Mount Vernon electric car line at Del Ray, adjoining the corporate limits of Alexandria.

A marriage license was issued in Washington yesterday to Walter Ridgeway and Rhoda A. Grimes, of Loudoun county.

The regular monthly meeting of the Board of Police Commissioners will be held to-night at the Mayor's office. There will be a called meeting of the Hydrant Steam Fire Engine Company at 7:30 o'clock to-night.

Half the summer has gone.

THE SILVER MOVEMENT.—Senator Smith, of New Jersey, while in New York yesterday was asked: "Is there any silver sentiment in New Jersey?"

"Yes, much more than is generally supposed. The agricultural element of each party is affected to a considerable degree by the enthusiasm of the western farmers for this idea. It will be no easy task to overcome this enthusiasm wherever there is a large agricultural element. 'Then you do not foresee a walkover for McKinley?'"

"On the contrary, I am convinced that if the election was to be held next week Bryan would win. People here in the East do not appreciate the hold the free silver idea has taken upon the masses for the entire West and South. They believe they are right in principle, and they will be impressed more and more as the campaign progresses by the personality of their candidate."

BIG ROBBERY.—A robbery involving between \$25,000 and \$30,000 worth of jewelry, cash, promissory notes and other valuable papers is alleged to have been committed in St. Joseph's Hospital, Philadelphia, sometime Monday afternoon or evening, and last night the police were looking for a nurse named William H. Thompson, who was engaged at the hospital about a month ago on a recommendation which he presented from Bellevue Hospital, New York. The effects which it is charged were stolen were the property of Mr. and Mrs. Oscar W. Moore, who were occupying private rooms at the hospital where Mr. Moore was convalescing from a surgical operation which had been performed about three weeks ago by Dr. John E. James, the surgeon-in-chief of the Hahnemann Hospital.

The box stolen from Mr. Moore was found in a toilet room at the Lehigh Valley Railroad station at Easton, Pa., this morning. The box had been broken open and was considerable bent. It was found to contain valuable papers and envelopes bearing the name of Oscar F. Moore, but there was no jewelry nor money. The officer who found the box is of opinion that he saw a man answering the description of Wm. H. Thompson, the missing nurse, yesterday afternoon between four and six o'clock. No arrest has yet been made.

At this morning's session at Detroit Mich., of the national conference of the Ancient Order of Hibernians, Bishop Foley, treasurer of the University Fund, for the endowment of a chair in the Catholic University, at Washington, D. C., reported that \$49,000 of the required \$50,000 had been collected and that the remaining \$1,000 would be in hand in a very short time.

MONETARY AND COMMERCIAL.

NEW YORK, July 15.—Lack of London support, the illness of Cornelius Vanderbilt, a further decline in the price of the new United States four per cents, and rumors of gold shipments to France to-morrow and heavier shipments to Germany late in the week, and a rise of one-half cent in the posted rate of sterling exchange, all contributed to a weak market this morning. The feeling was unsettled and nervous and a number of weak accounts were closed out. The high priced Vanderbilt issues were among the weakest stocks on the list. The losses were equal to 3 to 3 1/2 per cent. Toward 11 o'clock there was a sharp rally of 1/4 to 1/2 per cent. right through the list, but later on the whole market weakened again.
